Creation Song

Sing to the tune: I’m a Little Teapot

God made day and God made night,
God split the darkness from the light.
God made you and God made me,
And God made the animals A thru Z.

God made the seas and the dry land too,
God made the flowers and the sky so blue.
God made you and God made me,
And God made the animals A thru Z.

God made the stars shining way up high,
God made the birds and put them in the sky.
God made you and God made me,
And God made the animals A thru Z.

God made the sun and God made the moon,
God made the ants and the silly baboon.
God made you and God made me,
And God made the animals A thru Z.

Creation Poem

Create your own actions to this creation poem.

Day one brought heaven earth and light.
   It must have been so very bright!

Day two God made the clear blue sky.
   A place for many birds to fly.

Day three brought land apart from seas.
   With all the plants grass and trees.

Day four shone forth moon, stars and sun.
   The work of God was not yet done.

Day five we see the fish and birds.
   God did all of this with just His words.

Day six God formed all beasts and man
   To finish His creation plan.

Day seven was especially blessed,
   A day for worship and for rest.
Day One
Day and Night

Bible
Creation
Day 1

"Let there be light."

Take a piece of black construction paper and cut holes in the paper. Tape white tissue paper over the holes. When all the holes are covered with tissue paper shine a flashlight on the tissue paper. Experiment with day and night.
Day Two
Sky and Water

Take a bar of Ivory soap. It must be Ivory soap because it is made differently than other soap. It has little air pockets within the soap. It has air whipped into it. Next, stick it into the microwave for 30-40 seconds.

This cools fairly quickly, but make sure you touch it before the children so there are no burnt fingers. You can also include a mini-science lesson on how air expands when it is heated.

You can reshape your “clouds” into new shapes, let them harden, and then use the newly created shapes as soap.
Day Three
Land and Plants

Earth Cupcakes (land and water)
1. Make your favorite white cake recipe or white box cake.
2. Divide the complete batter into two containers.
3. Color one container blue and the other one green.
4. Alternate putting some of each color in your cupcake liner.
5. Bake cupcakes according to cake recipe.

Plant a Seed
Help children plant some seeds that you have at home so they can observe the changes that take place. Green beans or marigolds are good choices because they tend to grow quickly.
Day Four
Sun, Moon, and Stars

Create a sun, moon, and stars mobile.

1. Gather crayons, yarn, a paper towel roll, and a hole punch.
2. Color the pictures on the following page.
3. Run one long piece of yarn through the paper towel roll and then tie the pieces at the top. This will create your hanger for the mobile.
4. Cut the pictures out and punch a hole in the top of them.
5. Take a long piece of yarn and tie one end to the picture and the other end to the paper towel tube.
Sun, Moon, and Stars
Day Five

Create your own drawing or watercolor painting of a bird.

Aboriginal Dot Painting
